

Intercultural Parent Mentors in Oberkirch

We are here for you!

We, the intercultural parent mentors, are neutral and reliable points of contact for parents, childcare workers and teachers.

WHAT WE DO:

- we accompany you to parent-teacher conferences and parent evenings - we translate and explain everything in various languages
- we advise you on questions regarding daycare, school and the transition from school to vocation
- we inform you about other programmes and events for parents and children
- and much more

WE ARE HERE FOR:

- all parents who want support
- all teachers, childcare workers, school administrators, social workers
- all other individuals, institutions and facilities that work with parents - with or without a migration history, such as family centres, advisory centres, and others

Intercultural parent mentors coordination and mediation locally:
